Topic: opportunities for regulatory innovation and improvement; very active with the rest of the business community and with municipal government on ways EPA programs could become more efficient and closely aligned with statutory goals; hoping we can be a resource for the Administrator, particularly in terms of ideas for ways to meet his goal of facilitating progress in working through the Superfund pipeline, sustaining some essential research and educational functions for RCRA, and improving the roll-out of recently promulgated air standards for municipal landfills; this would be a policy discussion about some key EPA programs
